

Incaruss Solutions

Capability Statement

Company Information

Incaruss Solutions is an information technology product and services company. Our services include hardware and software solutions for one-off purchases or as part of a total IT solution, Cyber Security, and Program & Project Management Services.

Core Competencies

Hardware/Software Resell Services:

Incaruss Solutions provide reseller and partnership services. Our expertise is in technology and technical procurement services, and performance enhancement solutions. Full list of products available on website.

Cyber Security:

Incaruss Solutions is experienced in providing consulting solutions not limited to conducting audits of security systems (government and private), identifying problems, and implementing solutions to minimize risks to critical networks and systems.

Program & Project Management Services

Incaruss Solutions will work with stakeholders to design, develop and execute activities related to end-to-end project management, starting with project plans and estimates, scoping and requirements to implementation and deployment.

Differentiators

Incaruss Solutions provides compliance-oriented services. Leveraging our wide network of Subject Matter Experts (SMEs) in IT, program management and consulting, our operational expertise assures we are the low-risk high return business choice. Our leadership is proactive, responsive, and flexible so as to provide the capacity to scale as needed. Incaruss Solutions will not compromise in providing quality services.

Professional Experience

Our Leadership has over 17 years of experience with 10 years in the information technology field. This includes providing services to Accenture Federal Services as a Security Delivery Consultant performing:

- Third-Party supplier risk management evaluations for Accenture LLC, Distributed Ledger Technology (DLT)-Corda Security Assessment and Blockchain Assessment Consulting for Depository Trust.
- Connector Call Center Assessment for State of Massachusetts.
- Security Compliance Specialist (ISSO) for TSA's Recruitment & Hiring program for AFS.

With Tetrad Digital Integrity (TDI), our leadership provided Information Assurance services as a contractor to USDA Food and Nutrition Service (FNS).
